THE COMPANY CULTURE

Solco Solar is one of SA's premier solar service companies. For over 30 years we have been installing solar solutions to improve the way households and companies utilise energy and increase their well-being!

We are dedicated to providing innovative solar solutions that not only meet the energy needs of today but also contribute to a cleaner greener tomorrow. Through cutting-edge technology, unwavering commitment to quality, and a passion for environmental stewardship, we strive to be a driving force in the global transition to renewable energy. At Solco Solar, we believe in a brighter, more sustainable world, one solar panel at a time."

THE VISION & MISSION

VISION

At Solco Solar, we envision a world where sustainable energy is not just a choice but a way of life. Our vision is to lead the way in creating a future where clean, renewable power is abundant, accessible, and affordable for all. Through innovation, integrity, and a steadfast commitment to environmental responsibility, we strive to be the catalyst for a global shift towards a brighter, more sustainable tomorrow..

MISSION

At Solco Solar, our mission is to be at the forefront of the renewable energy revolution. We are dedicated to providing affordable cutting-edge solar solutions that empower individuals, businesses, and communities to embrace a cleaner, more sustainable energy future. Through relentless innovation, exceptional quality, and a customer-centric approach, we aim to make solar energy a mainstream and accessible choice by providing high quality, affordable solutions. Our mission extends beyond powering homes and businesses; it's about fueling a movement towards environmental and affordable consciousness, a world where the sun powers progress, leaving a lasting impact on generations to come.

OUR SERVICES

BACK UP SYSTEMS

At Solco Solar, we understand the importance of uninterrupted power supply, especially during unforeseen outages. Our Backup Systems, consisting of cutting-edge batteries and inverters, are designed to provide a reliable, affordable and efficient solution for uninterrupted energy in any situation.

BACK UP & PV SYSTEMS

Experience the full potential of solar energy with Solco Solar's PV & Backup solutions. Our comprehensive package includes state-of-the-art solar panels, advanced battery storage, and efficient inverters, combining to create a robust and sustainable energy system. Harvest the power of the sun during the day, store excess energy in high-performance batteries, and enjoy uninterrupted power supply even during grid outages. Solco Solar's PV & Backup systems are tailored to meet your pocket and your energy requirements while contributing to a greener, more resilient future. Embrace solar innovation with our integrated solution for a cleaner, affordable and a more sustainable tomorrow..
